## COUNTY RECEIVES \$225,540 WATER SYSTEM GRANT

### Governor Guy Hunt visits New Brockton

by Marvin McLwain  
Editor

On a whirlwind tour of southeast Alabama Wednesday, October 30th, Governor Guy Hunt made several stops with one being at city hall in New Brockton.

City and county officials from New Brockton and Coffee County along with officials from neighboring counties were on hand to welcome and visit with the governor during his brief stop.

While in New Brockton, Gov. Hunt awarded six area governments approximately \$1.6 million in federal Community Block Grants to improve water, road and drainage systems, and housing for about 1,900 people.

With the help of these grants to improve basic services, local officials will be able to begin work to upgrade water, roads and drainage

systems and housing giving at least 1,900 people a higher standard of living," Gov. Hunt said. "These projects should help local officials and economic developers in their efforts to attract new industries and create jobs. These grants will enable local officials to address some of their most pressing problems in delivering basic services. I am pleased to have helped improve services and promote economic growth in this area."

The grants will be administered by the Alabama Department of Economic and Community Affairs (ADECA).

Local governments awarded the grants were as follows:

The Town of New Brockton received \$300,000 to repair 30 homes for about 75 people in the Fitzsimmons/North John Road and Street areas of the town. Mayor Jim Driskell and members of the city council were on hand to accept the

grant from the governor.

Members of the Coffee County Commission accepted a grant from Gov. Hunt totaling \$225,540 to be used in extending water service to approximately 500 persons in the Roston, Ino and Keyton Communities of the county. The project will include the installation of more than 89,000 feet of water line, nine fire hydrants and other related improvements.

During his visit in New Brockton, Governor Hunt was presented with a formal resolution from the Coffee County Commission expressing their gratitude for the assistance received from him in acquiring a grant from the Industrial Access Fund.

The monies received through this fund were used to replace two bridges located on Coffee County Rd. 14. Conagra's chicken processing facilities are located on this road which serves as a vital link in its op-

eration. Commission Chairman Billy Egerton made the presentation to the governor. Several members of the commission were present for the occasion.

Area counties and cities awarded grants by Gov. Hunt while in new Brockton were Crenshaw and Pike counties and the cities of Hartford and Geneva.

Crenshaw County received \$248,250 to pave 7.25 miles of road. The project will mean better traveling for about 330 people living along the road.

Pike County was the recipient of \$300,000 to be used in the paving of 6.4 miles of road benefiting approximately 410 folks.

The City of Opp received \$282,900 to fund improvements to their drainage system and Hartford was awarded \$295,000 to repair 30 houses.

N.B. COUNCIL PLAYS HOST...Not only did New Brockton's City Council play hosts to Gov. Hunt but they also received a Housing Grant. Pictured with the governor are: (l-r) Councilman Bud Goodson, Mayor Jim Driskell, Gov. Hunt, Councilperson Rhonda Davis, Councilman Ralph Medley, and Councilman Charles Cole.

### Fastest two bridges ever built in Alabama

by Marvin McLwain  
Editor

"These two bridges were built faster than any two bridges ever built in the state of Alabama" was Coffee County Engineer Mark Pool's comment at last Thursday dedication ceremonies of the new bridges just completed on County Rd. 14.

According to Pool, the two bridges were constructed with funds totaling \$816,000 received through an Industrial Access Grant from the state.

It took less than 4 months from the time the application for the funds was submitted until the bridges were completed.

County Road 14 is one of the main transportation arteries serving

Conagra's Chicken Processing Plant located on the road. More than 4,000 vehicles cross the two bridges each day according to Randy Tindell, assistant Coffee County Engineer.

Coffee County Commissioner Sid Averett, speaking on behalf of Commission Chairman Billy Egerton, attributed the expediency at which the project was completed to Engineer Pool. State Representative Jimmy Holley, State Highway Director Perry Hand and Gov. Guy Hunt.

Averett said, "It was a real shock when we found out these two bridges had to be replaced. Had the money not been available through this grant, the principal and interest over the years that we would have had to finance this job would have cost the taxpayers of the county a million plus dollars."

"We owe a big debt of gratitude to these people who played such an important part in obtaining these funds," continued Averett.

The commission presented each of the four men mentioned above with a formal proclamation commending them for the services they rendered on this project. Accepting Perry Hand's proclamation was his representative, Frank Courson. The highway director was unable to attend. Governor Hunt was presented his proclamation during his visit to New Brockton on Wednesday afternoon (Oct. 30th).

The two bridges were scheduled to be open to traffic last Friday morning but had to be delayed in order to correct some last minute drainage problems.

According to Tindell, "It shouldn't take but one or two days to do that."

The bridges and road will be opened to traffic after the work is completed.

Rep. Holley (l) accepts proclamation from Averett.

Averett presents Pool (l) with commission's resolution.

RIBBON CUTTING...Commissioner Gene Bradley (with the BIG scissors) officially opens the bridges on Co. Rd. 14 by cutting the red ribbon. He was assisted by Commissioner Bill Faulk. Other dignitaries looked on as Bradley performed the honors.

### Supt. Charles Pearce addresses education's financial plight

Elba City School Superintendent Charles Pearce released the following statement concerning the financial plight of the Alabama school systems in general and specifically the Elba City Schools. His comments are presented here without any editing or comments by The Elba Clipper.

Please allow me this opportunity to address the citizens of Elba, especially the parents of the children entrusted to our care and education. There has been a tremendous amount of media coverage state wide about the budget crisis now facing public education in Alabama. I, along with most superintendents across this state have met with State Education Department officials, State legislators, the Governor's office, as well as each other, to discuss possible solutions to this crisis.

There have been many suggestions as to how to deal with the problem, both short range and long range. Suggestions vary from tighten your belts more, to postponing the opening of school until October 1, 1992. I'm not sure that any of the suggestions will adequately address the problem. We certainly need some immediate relief in this funding crisis. However, we must have some long range relief to address the real problem. Funding for education in Alabama has been an issue of controversy for as long as I can remember, and unless we have leadership at the state level to address the problem it will probably continue to be one. Alabama has historically ranked at the lowest levels nationwide in dollars spent per student. Teachers/educators have done exceptionally well in my opinion to have Alabama's students rank as high as we do on test score comparisons. However, I don't believe this will continue to be the case in the future.

Much has been said and printed lately about the severe financial crisis many of the school systems in Alabama are facing. Some systems will probably have to close operations if they are not able to borrow money to operate, while others may have to adopt an abbreviated schedule for 1992-93. Several schools will probably postpone the opening of school until October 1, 1992 if funds are not made available. It is true that is a severe financial crisis in Alabama's public education system. It is also true that Elba City Schools has severe problems as a result of proration. We are fortunate that we are not in the position that some systems are. We do have a small amount of fund balance to allow us to operate without borrowing money now. However, it is almost without doubt we would be forced to borrow money to operate in the 1992-93 school years.

One area I would like to inform the public of concerns the question about how proration may effect the new school construction. While it is true we have had a tremendous influx of capital into our capital projects accounts, we have absolutely no more monies than normal coming to us for daily operations. Proration will have some negative effects on completing the total project as planned. We were depending on some of the fund balance reserves from previous years to help finish some areas at the very end of the project and possibly help add some extra-curricular projects non in the base project. Proration over two years has eliminated those reserves. The basic academic program and scope of the project will not be effected by proration.

As I have previously stated, Elba City Schools is not in as critical position as some schools in

our state, but with proration at 6% and possibly higher this fiscal year, we will have serious financial problems in 1992-93. I have not addressed or suggested solutions. However, that point is simple. Additional funds must be found by some means, to place monies into schools of Alabama if we truly intend to give our children a quality education. Taxes generate the revenue to operate our schools, therefore taxes must be considered when seeking solutions.

Tax reform does not necessarily mean new or additional tax.

There are ways to reform the tax structure other than increasing taxes. Several methods have been discussed and made public by the media for weeks. Suggestions range from one-cent temporary sales tax, to removing tax exemptions in certain areas, to increasing ad valorem taxes, to using part of the gas tax to fund highway programs. No restructuring of taxes, no new or additional taxes will be accepted by everyone.

However, it seems to be a fact that funding must be increased to allow our schools to become financially sound so we may go about the business of educating our children. May I encourage any parent, citizen or group to contact your governor's office and your legislators and ask them to address the problem as quickly as possible. Local superintendents, local boards of education and other groups in education have already asked the governor to call a special session of the legislature to address these problems. However, I believe as parents, parents groups, and concerned citizens make request, we will see a more positive response from our state leaders.

Thanks  
to Charles Pearce

### TROOPER BEARS

Alabama state troopers soon will have stuffed toy "trooper bears" to give to small children involved in traffic wrecks and other serious incidents, thanks to the Alabama State Trooper Association.

Col. Ned W. McHenry, Department of Public Safety director, said all troopers will carry the bears in their patrol vehicles to give to children who are victims of traffic crashes, crimes, disasters or other emotionally disturbing events.

"Traffic accidents can be especially traumatic for children," McHenry said. "I'm sure the gift of a 'trooper bear' will help many of these youngsters and allow our officers a means of showing their concern for victims."

"We are grateful to the association for making this program possible," McHenry said.

ASTA President Sgt. Stanley Fant said the program has proven to be a valuable service and a positive experience in other states.

"We are pleased to have a part in bringing this program to Alabama," Fant said. "The 'trooper bears' will help illustrate the positive side of a job that usually requires negative enforcement."

The association also hopes to provide the bears to hospitals and other organizations that serve traumatized children.

### N. B. Council meeting brief

by Marvin McLwain  
Editor

It didn't take the New Brockton City Council long to attend to city business once it got started Tuesday evening.

Mayor Jim Driskell had to call an ailing councilman to the meeting in order to have a quorum but the meeting was delayed only a short time.

The council approved payment of bills totaling \$19,202.47. City Clerk Linda Dillow informed the council that one reason the bills were unusually high was because the repair bill on the fire truck was included. It was in excess of \$10,000. Dillow told council members that most of this amount will be reimbursed to the

city when the insurance company pays off.

The 1991-92 budget of \$544,873.22 was approved by the council and it was noted that the town expected to receive revenue of approximately \$589,819.44.

Mayor Driskell told councilmen that he felt the excess income could be budgeted later as the council saw fit.

A resolution pledging the town's support in initiating a safety program aimed at reducing workman compensation claims was signed by the council.

Before adjourning, the council also voted to contract ESMAC of Enterprise to re-roof the city hall building at a cost of \$5,555.00. It will have a 10 year warranty.

### IRS SAYS AMOUNT OWED IS \$198,696.76

### County's attorney owes back taxes

by Marvin McLwain  
Editor

The Internal Revenue Service has filed a tax lien notice with the Coffee County Probate Office in Enterprise against Attorney Warren Rowe and his wife, Linda.

Filing of the lien took place on Friday, October 11, 1991.

According to the notice, the Rowses owe the federal government \$198,696.76 in back income taxes. The tax periods and amounts mentioned in the lien are: 1983 - \$59,492.56, 1989 - \$73,130.23, and 1990 - \$66,073.97.

The notice reads, "Demand for payment of this liability has been made, but it remains unpaid. Therefore, there is a lien in favor of the United States on all property and rights to property belonging to this taxpayer for the amount of these taxes, and additional penalties, interest and costs that may accrue."

On Monday, October 28, Rowe filed a petition for Chapter 11 with the federal bankruptcy court in Montgomery. This action protects a person from creditors' lawsuits until he or she has time to develop a plan for getting their finances in order.

The filing of Chapter 11 does not relieve the Rowe's from the responsibility of paying the back taxes owed to the federal government.

Rowe has been Coffee County's attorney for many years. His father, Braxton Rowe, served as the county's attorney until his death. The younger Rowe took over the job when his father died.

Mr. Rowe also serves as municipal court judge for the City of Enterprise - a position which he has also held for many, many years.

Both county and city officials refused to make any comments concerning Mr. Rowe's problems with his taxes.

Should it be determined that the Rowses cannot pay the back taxes, the IRS will have to make a determination of how the monies will be collected.

The Dothan law firm of Farmer, Price, Smith, Hornsby, and Weatherford are reportedly representing the Rowses in the bankruptcy matter.

### NEWS IN BRIEF...

Farm-City Week will be observed in Coffee County during the week of November 22-28. The week's activities will begin with a banquet on Friday night, November 22nd at the Farm Center in New Brockton. During the week, there will be tours of area farms, equipment, commodities and animal displays at the Farm Center complex.

\*\*\*\*\*  
Elba's Annual Christmas Festival will be held on Saturday, December 14, 1991. Plans are now being made for a fun filled day of entertainment, arts & crafts displays, Little Miss Christmas Pageant, and a parade. Call the Elba Chamber of Commerce at 897-3125 for more information.

NOVEMBER

## BRAINSTORMS

With Ferrin Cox

Our son Eric went to Kentucky last week, to a coon hunt competition for youth! He didn't win this "world hunt" but had won the state competition back in the summer. We ain't coon hunters at our house, or were not before teenage sons came along, but now the house is full of books on the matter and the conversation is sprinkled with talk of "dogs speaking", "setting their claws in the bark of the tree" etc. Well we had accepted the one real coon hunt with double registration and all that, but things got worse. Eric returned from Kentucky with another hound dog. This one is a puppy just taken from mother and lonesome. The cold weather Monday night presented a problem. We couldn't take our frustrations out on the cold, lonesome puppy so into the house she came. We did move puppy and box to the office about 9 p.m. because of the noise but were seriously considering a trip to the pound. In fact we might be running a classified ad soon, offering One Teenager FREE... Must Take Dogs!

It is popular these days to complain about the poor economy, etc. Yet facts and figures released from the Alabama sales tax office indicate Coffee County consumers actually are spending more this year than last year. Therefore, it is alright to be part of America and complain but deep down remember, we are part of the upsurge in business President Bush is talking about.

Complaining is an American freedom many have given their lives to insure we have the right to continue doing. However sometimes we need to offer a solution if we are going to complain. An editorial in a Dothan newspaper last week pointed this out to the residents of Dothan complaining about their newly increased sales tax. The editorial noted none of us like more taxes but, we want the services. There are no free rides, some national level. While we complain about increases of taxes or fees (either directly or hidden) we would howl louder if we knew the tax or fee was solely to benefit someone else. There are better ways to do things and honest discussion often brings these ways out. But before we complain excessively about changes such as the recent garbage fee increase, we need to offer an alternate (and fair to everyone) solution. We don't want you to pay our garbage fees nor do we want to pay one penny of yours. Almost all of the complaints are coming from commercial garbage users and we can very well understand the problem. Elba merchants, like those nationwide, are in a bind to make a profit and every cost increase compounds this problem. There are ways to lower these costs, but by and large this will entail recycling by the business themselves. The frightening thing is that the problem will get much worse before it gets better.

## ELBA POLICE REPORT

The Elba Police Department during the week beginning Tuesday, October 29, 1991, investigated the following incidents: two criminal mischiefs, one assault, one theft, one missing person, one sale of marijuana, one property damage, one highway intoxication, one attempted assault, one DUI, and one harassment.

Arrests made during the same period of time were as follows: six for speeding, one for harassment, one for improper tag, two for reckless driving, three for burglary, two for DUI, two for expired tag, one for driving without a license, one for improper tag, one for driver's license required, one for highway intoxication, one for attempted assault, one for driving on the wrong side of the road, and three for no driver's license.

Daily activity for the week was as follows:

TUESDAY, OCTOBER 29 - Routine activity.

WEDNESDAY, OCTOBER 30 - Wreck on Thomas Street (12:12 p.m.); Routine activity.

IT'S A BOBCAT... Jeffery (left) and Bubba Johnson killed the bobcat pictured above while squirrel hunting north of Elba late Monday afternoon. The two said they spotted the cat up a tree at dusk and killed it with a 22 rifle.

THE 36 MEMBER OF SENIOR GIRL SCOUT TROOP #300 met on Monday, October 28th to begin work on their booth for the annual Christmas Festival on December 14th.

Lori Marsh, chairman of Volunteer Activities, stated that the girls had wanted to do a community service project and decided that fun activities for children provided at no cost to their parents would be a good idea. As the cost of paint, paper, prizes and other necessary items were beyond the budget of the troop, the Elba Rotary Club and The Peoples Bank donated to fund the project.

The free children's activities will include making Santa hats and Hunting for Treasure for pre-schoolers, decorating visors and a Shooting Gallery for older children, and a face painting and cookie decorating for all. Each child will receive a balloon.

Troop #300 was organized 21 years ago. Officers for this year are: Nicole Bradley, leader; Julie Bowers, Amy Baker, Holly Simon and Mary Stephens, assistant leaders; Gina Bedsole, secretary; and Lori Marsh, Volunteer Chairman. Mrs. Robert Cannon serves as advisor.

MRS. LENA FULLER, age 80, was honored by family and friends on her 80th birthday with a party at the Elba Adult Center. The October 26th event was hosted by her children, shown with her above, and was attended by a large number of family and friends.

Mrs. Fuller was a long time resident of Elba, but the flood of 1990 forced her to set up housekeeping in nearby New Brockton where she still resides.

TENNIS WINNER Mrs. Vivian O'Reilly is shown with the two medals she won last month in the state finals of the Masters Games, held in Oxford, Alabama. There were ten participants from Coffee County in the competitions. Locally the games were coordinated by the Coffee County Extension Service.

The event for older citizens consisted of 21 different competitive events. Mrs. O'Reilly won her awards in tennis, both women's singles and mixed doubles. Her mixed double partner was Mr. Clyde Jones, of Daleville.

## WE GET LETTERS

Dear Marvin,

It's time to make plans for the 1991 Elba Christmas Festival, which will be held Saturday, December 14th, on the Courthouse Square. There will be arts and crafts exhibits, food, children's activities, and entertainment.

Santa Claus and five of his reindeer will be back again this year. We are still lining up entertainment and finalizing the schedule for the day. We do want to mention that the parade will be at 5:00 p.m. again this year and we're asking parade participants to really light up their entries. We would also like to ask the merchants to decorate their store fronts.

Arts and crafts exhibit spaces are still available and interested parties may contact Lynn Baker at 897-3813 in the evening. Church choirs or other groups interested in performing may contact me at 897-5549 in the evening. Mrs. Gene Kennel at the Elba Chamber of Commerce can also answer questions at 897-3125.

We'll be releasing more information as the date approaches.

Lisa S. Johnson  
Chairperson

Dear Editor,

First, I would like to thank the people of Elba for supporting the Halloween Carnival and raffle ticket sales this year. Without the support of our town the PTO would not be able to help the elementary school with workbooks or their reading program. The great success of these two events shows that parents do care about their children's education.

Second, I would like to thank the high school students for working at the carnival. They come and help with the games and haunted house every year without a gripe. Their support is greatly appreciated.

Third, I would like to thank ISG Jones and SSG Tisdale from the National Guard Military. They gave assistance with building games, and supplying a tent for the fortune teller. They did not have to stay the night of the carnival but did in case any problem arose that they could assist. ISG Jones told me that one of the purposes of the National Guard was to help their community. Your support is greatly appreciated.

Fourth, I would like to thank Nance Russell, Scott Cole, and Annise Coleman. Without them gathering up all the games, supplies, prizes and cleaning up after the carnival would make the chairman's job very hard. I appreciate what you do for the PTO.

Last, but not least, a thank you goes to the teachers and staff at the Elementary School. All I had to do was ask and they did what ever they could to make the event go smoothly.

Thank you all,  
Carol Laney  
Halloween Chairperson

## Nursing Home Notes

November Birthdays  
Loskey Donaldson Nov. 14, 1905  
Bernice Griswold Nov. 7, 1910  
Julia Harper Nov. 18, 1908  
Eunice Lowery Nov. 5, 1913  
Paul Revel Nov. 13, 1919

The Elba Nursing Home will not be having a Bazaar this year. Instead, we will be selling chances on an oil painting by Mrs. Lanelle Hataway, a registered nurse in nursing home. The Elba Frame Shop will frame the lovely 16x20 seascape painting. Chances on this picture will be sold beginning on Nov. 11, 1991 and the painting will be given away on Dec. 13, 1991. The money will be used to assist our activity fund for next year's supplies.

Respectfully yours,  
Margaret Calhoun, librarian  
Elba High School

OPEN LETTER  
Class of 1961  
Elba High School

Dear Honored Class:  
Your donation of fifty dollars to the library fund of Elba High School will be used to by a book or books which will be placed in the library/media center.

Bookplates will be placed in the front of these books so that anyone who uses them can realize that even as alumni the Class of 1961 is still making contributions to Elba High School. On behalf of the students, faculty, and administration, I thank you.

BESSIE LEE OWENS  
Bessie Lee Owens, age 68, of Elba, Alabama, died Wednesday, October 30, 1991, in Elba.

Funeral services were held Saturday, November 2, 1991, at 2:00 p.m. at the Harris Temple Church of God in Christ, Elba. W. T. Harris, pastor, with Pastor W. Keith Ellison officiating. Virgil Coleman Mortuary of Elba, directing.

Survivors include: two sisters, Mrs. Cathan Knight of Elba, and Mrs. Pearl Head of Ft. Walton Beach, Florida; one brother, Mr. Lue Head of Elba, two God-children (niece and nephew), Mrs. Lillie Ann Ralls and Mr. David Head, both of Dothan, Alabama; seven nieces, Lisa Guley of Bellwood, Alabama, Eva Mae Horstead of New York, Emma Pearl Rice of Ft. Walton Beach, Peggy McBride of Elba, Mary Lue Richardson of Ft. Walton Beach, Linda Hammond of Elba; seven nephews, Bobby Guley, Rex Head, Robert Head, and Don Head, all of Elba; R. C. Tillis of Chicago, Frankie Head and Charles Head of Ory, Alabama; and a host of cousins, other relatives, and friends.

MOBILE KITCHEN... Mr. and Mrs. Gibbs McCormick and their two adult children are shown here with the new Disaster Assistance Unit sponsored by the Alabama Propane Gas Association. The project was conceived, sponsored, and constructed by the Alabama Propane Gas Association. One of the sponsors for this project is Propane Gas and Appliance Company, Inc. of New Brockton. The Gibbs McCormick family owned and operated 2-30" propane gas stoves, a 24" propane grill and a deep-fat fryer, a freezer, and a refrigerator. The support equipment includes a 30 gallon propane water heater, 150 gallons of water storage, 5 - 26,000 BTU gas infrared heaters, a 7,500 watt L. P. gas powered generator, and a self-contained 70 gallon propane tank.

This unit will serve the entire southeastern United States in time of disaster and it will be manned by propane dealers throughout Alabama. Food that will be prepared will be provided by the Red Cross. The value of such an emergency unit is understood nowhere better than in Elba, Alabama, since the March 1990 flood.

This unit was unveiled on October 2, 1991, in Montgomery, Alabama with Governor Guy Hunt receiving the first meal from the unit. The unveiling ceremony marked a triumph beginning of a new era of public service for members of the Alabama Propane Gas Association. The unit is on display this week in Dothan at the National Peanut Festival.

100 PERCENT PARTICIPATION... Employees of The Peoples Bank in Elba were 100 percent in their support of the Wiregrass United Way. According to Joey Holley, all the bank's employees made a donation to this worthy organization. Holley served as coordinator between the WUW and businesses in Elba in encouraging their employees to participate in the organization's fund drive. The WUW represents 45 different agencies which touch over 170,000 individuals lives in the Wiregrass.

THINK BIG... November 5th will long be remembered by K through 6th graders who spent time with Mr. Bill Gaillard, the "THINK BIG" Man, who conducted a motivating assembly on the importance of positive thinking and positive action. The program provided an environment for prevention and early intervention against destructive behavior and thinking. This dynamic, energetic man spoke to these youngsters about the importance of thinking big about themselves, their future, and their responsibilities to family and society. Utilizing a cartoon character known as Snaggletooth, Gaillard involved his audiences in songs, raps, and stories that relate to them, building upon the attention getting theatrics of Snaggletooth. The program was held at the Elba Church of Christ and sponsored by Guidance and Counseling at the Elba Elementary School. Donations by Kelley Foods, Inc., Kleint's, National Security Insurance, The Peoples Bank, The Rotary Club, and SouthTrust Bank made this assembly a reality for these 600 boys and girls at Elba Elementary.

NURSING HOME PARTY... The Elba Nursing Home employees and residents enjoyed a ghoulish good time on Halloween, at parties designed with Halloween in mind. The staff enjoyed refreshments, a cake walk, and bingo. There was also a costume contest with Greg Mauldin winning 1st prize, Ochsie Smedley winning 2nd prize, and Beth Williams winning 3rd prize. A good time was had by all participating Hospital and Nursing Home Employees.

RESIDENTS ENJOY FESTIVITIES... The residents of the Elba Nursing Home enjoyed chocolate cake and ice cream in the dining room.

## H.R.D.C. to distribute surplus food

H.R.D.C. will distribute U.S.D.A surplus foods on November 13, 1991 from 9 a.m. until 3 p.m. on Factory Street, at the HRDC Center, behind Whitman Drug Co.

You must have a white card to pick up your food. We will not make any new cards after November 1st. Also, under no circumstances will we replace any lost cards on distribution day.

Also surplus foods will be distributed at the City Hall in Kinston and the National Guard in New Brockton.

## Views From The Pressbox

By Ricky Mularz

Our two-year-old, Melanie, has a habit of crying when she doesn't get her way or doesn't want to do something. To teach her to quit crying, and to let her watch TV, whenever she cries in the den she has to go to her room until she stops crying. It usually takes about a minute or two before she comes back and says "I'm through crying," but one night last week she got punished for something and really turned on the tears. She was so upset she didn't want to go to her room and pleaded "Just let me cry and turn the TV off!" It didn't work, but it did show our punishment was hitting home.

### ELBA TIGERS GO 5-4 WITH WIN OVER ANDALUSIA

The Elba Tigers claimed their fourth straight win last week by defeating Andalusia 24-18 in a game that saw momentum swing back and forth on practically every penalty and turnover.

Elba jumped ahead 6-0 in the opening minute of play when the Andalusia quarterback fired a pass directly to defensive back Anthony Brashears, and Brashears showed his gratitude by strolling into the endzone. Andalusia got the lead at 7-6 after the Elba punter couldn't get off a punt due to a heavy rush, then Elba got two scores the old fashioned way - they earned score. Andalusia cut the lead to 18-10 with a solid drive against the Elba defense, then in the third quarter caught the Tigers at 18-18 thanks to a pair of major distance penalties, both of which drew the ire of the Elba coaches and fans. A controversial interception gave Andalusia a chance to take the lead, but the Bulldogs turned the ball back over and it was Elba that went on top 24-18. Andalusia staged another drive late in the game, again with the aid of a penalty, but fell short and the Tigers had the win 24-18, in a game that was fun to watch, but had to have been a nightmare to coach.

The Elba offense again struggled for much of the night, and really had only one drive for a score, that coming when the Tigers marched 72 yards behind the passing of Joel Kirkland to grab the lead in the opening stanza. The 72-yard drive was impressive, but except for that the longest drive of

the game was only 34 yards and on the ground the Tigers managed only 126 yards on 31 attempts. The passing game did contribute 107 yards, but 3 pass interceptions stopped possible drives, and all in all, the offense simply did what it had to, score enough points to win. I guess that's really all that matters anyway. Marcus Tyson had another big night with three touchdowns, including one on a 78-yard punt return and another for the win, while Teddy Burks came in and really gave the offense a lift late in the game with hard running. Joel Kirkland passed for over 100 yards and despite throwing three interceptions, looked comfortable passing and showed confidence.

The defense played better than it had in recent weeks and made some big plays that helped the Tigers hold on for the win. Elba came up with a pass interception on the second play of the game to put six points on the scoreboard; came up with a fumble at the Elba 2-yardline to kill an Andalusia scoring threat; had a big stop on fourth down and two at midfield; had three games that led to the win. The defense gave up yardage grudgingly, with the aid of penalties, but like in the Monroe County win, came through in the clutch and played a major role in the win. Brian Reedy and Aaron Smith some big plays, like always, and Teddy Burks and Scotty Dawson also turned in solid games.

It's true that without a couple of fumbles and a pass interception Andalusia could have claimed the win. However, it is also true that the Elba players had several opportunities to quit, especially when the referees' flags started flying, and simply refused. It is that determination and pride that has made the Elba Tigers big winners in the past and will carry them in the future!

### PLAYOFF PICTURE NOT SO BRIGHT FOR TIGERS

By now I'm sure that everybody knows that unless Elba beats Slocomb and Rehoboth whips Laverne, the Tigers will miss the playoffs for the first time in nine years. While many fans are still trying to figure out what happened, it really shouldn't come as that big a surprise. Remember back...the Tigers were 1-4 at one point in the season and included among those losses was a 14-0 setback to Laverne. Sure the Tigers have been winning big lately and could end the season with five straight wins, but that slow start and losing a designated game is what put the Tigers behind the eight-ball.

Teams get points for six games during the course of a season, with games against Area opponents counting, as well as other games designated by the coach. Elba lost one Area game and one designated game, while going into this week Slocomb has yet to lose an Area game and has won both

its designated games and Laverne has lost one Area game, but also won both its designated games. If Elba, Slocomb and Laverne all finish 3-1 in the Area race, Slocomb would go as the Area champ based on its two designated wins over 4A teams, while that would then leave Elba and Laverne tied for the runnerup spot, and Laverne would go because it beat Elba. The formula isn't really that hard to figure out and is fair, it just so happened that this year it could keep the Tigers at home!

### "BRAGGING BOWL" SET FOR NEW BROCKTON

Both the New Brockton Gamecocks and Zion Chapel Rebels had high hopes before the season started and both county teams were convinced that 1991 would be an ultra-successful year. Well, this week marks the end of the regular season and New Brockton will carry a 4-5 record into this week's cross-county battle and Zion Chapel will enter with a 2-6 mark. The season's haven't been much to brag about; however, a win will give either team the county championship among the county school system teams and that can take away some of the disappointment.

In the other county contest, Kinston will host Brantley in what has become a real rivalry. Both schools have been down somewhat in recent years, but on the football field the games have been hard hitting contests with close scores. This year should be no different.

### FORGET THE MINI-SERIES, LET'S GET TO THE END

I have read all about Eric Ramsey's tapes for what seems like an eternity and am sick and tired of the way in which Ramsey and his legal advisors have tried to build the interest by releasing a few tapes at a time. It couldn't have been by accident the first tapes were released the week of the Tennessee game, or that the second batch were released after the Florida game, a game that most knew the Tigers would lose and leave fans wondering the week of the Alabama game.

To say that what they're doing is to make Auburn clean up its act is one thing, but to stagger the release of the tapes to purposely damage the team is another. Ramsey and his lawyers are nothing short of vengeful. I agree with Coach Dye, it's time for Ramsey to lay his cards out on the table and see what happens.

### NEWS FROM THE OTHER SIDE OF THE TRACK

Everyone will be reading in weeks to come about the state football playoffs and now certain powerhouse teams are favored to win state titles. Well, for every winner there has to be a loser and here is a quick look about some of the teams you won't hear about anymore after this week....

**CLASS 1A** - John Essex has to be one of the worst teams to take to the field in years. The Hornets have been outscored to the tune of 356-6 in crawling to an 0-9 state and probably couldn't even beat Vena, which at 0-8 has managed to score a total of 43 points.

**CLASS 2A** - Clayton and Highland Home should compete in the "Who Cares Bowl" as both teams are winless with but one week left. Clayton picked up its deceased football program this year after dropping to 2A, but found the going still too tough as the Tigers have been whipped by a combined score of 261-34 in just 7 games, while Highland Home has been taken to the wood shed nine straight weeks and whipped 331-70.

**CLASS 3A** - Not only has it been a rough year for the Gov, but also for his hometown Holly Pond Broncos, who have struggled through nine losses and given up 36 points a game. Pickens County has also found the wins hard to come by, having been outscored 336-83 and 185-50 in its last four losses.

**CLASS 4A** - Bullock County may be good in basketball, but the football has not been good in any way, as the Hornets have lost eight of nine games and been outscored 299-52 in the losses. Clayton, who did play a game, has been outscored 299-52 in the losses. Clayton, who did play a game, has been outscored 299-52 in the losses.

**CLASS 5A** - Birmingham Carver has state titles in roundball, but football is a different story, especially this year, when the Rams have been outscored 290-144. They can score, but the Rams just can't keep other folks away from the endzone. Jacksonville is also 0-9, having been outscored 303-27, while Monroe County, the state's best winless team, can't claim that title anymore after whipping Robertsdale 23-6.

**CLASS 6A** - Most 6A teams can find someone to beat, and there are very few near as bad records. But, some of the worst are Baker 2-7; Brewer 1-7; Central, of Phenix City, 1-8 and Lanier 2-7. The worst of the batch, probably Lanier!

A big play early in the Bulldogs scoring drive was a 12-yard run by Shay Marvin on a fourth down and 4 at the Elba 31, while another big play came on a third down and 8, at the Elba 17, when Chris Tillman tossed a 12-yard pass to Michael

Ye Ole Polish Prognosticator nailed 37 of 42 picks last week and for the year now stands at 254-59, which is over 81 percent correct on statewide football picks. The final week has some tossups and the playoffs are always hard to pick, but with the season in the home stretch the Polish Picker appears to be just as accurate as ever.

Here goes week #10....

### ELBA VS. SLOCOMB

If the Tigers simply show up and go through the motions feeling sorry for themselves this one could get ugly. The Tigers must win to have a chance, how ever so slim it may be, and Slocomb has won four straight and could head a lot of fans with a win. Just a hunch!

### ELBA 27 SLOCOMB 14

### ZION CHAPEL VS. NEW BROCKTON

The Rebels are getting ready for the playoffs, while the Gamecocks have one game left and are shooting for the county title. New Brockton is better than a 4-5 team and the Rebs are better than 2-6; however, the records will mean nothing this week anyway because these neighbors simply don't like each other. Who needs the playoffs!

### NEW BROCKTON 30 ZION CHAPEL 12

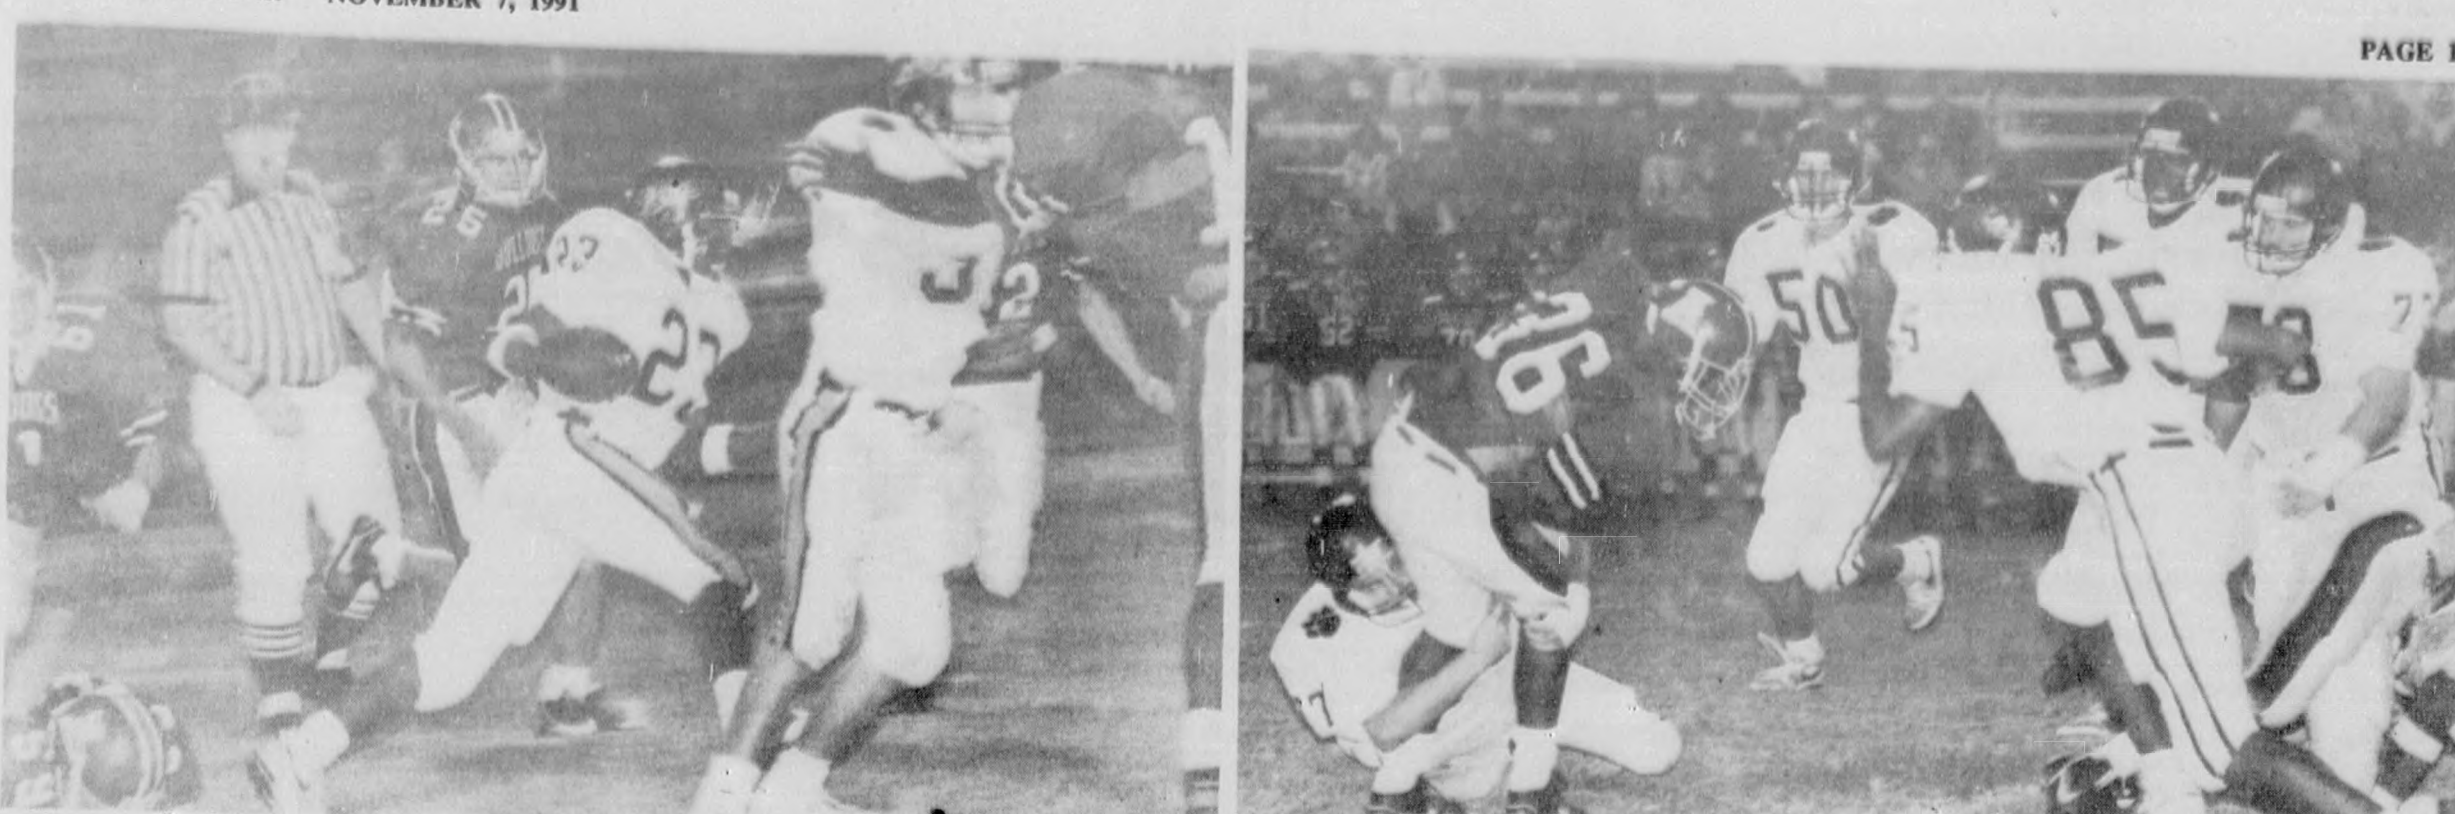

### KINSTON VS. BRANTLEY

Kinston has come close all season, only to come up short when the final horn sounds, while Brantley has caught fire in recent weeks and now he knows it has earned its playoff spot. Kinston has the edge on the ground, but Brantley has a history of showing more battles won through the air, where Brantley is dangerous. Look for Brantley to spear past....

OFF AND RUNNING...is Elba tailback Marcus Tyson (23) as he cuts behind the block of a teammate. Tyson gained 65 yards rushing and scored 3 touchdowns to spark the Tigers to a 24-18 win over 5A Andalusia as the Tigers improved their record to 5-4.

Elba's Tommy Young (77) drags down an Andalusia runner as teammates Aaron Smith (85), Scotty Dawson (50), Vince Lee (73) and Teddy Burks (33) arrive to help. The Elba defense stopped Andalusia at the Tiger 1-yardline, scored a touchdown on an interception and recovered a fumble to set up the winning score in the 24-18 win.

## Elba escapes Andalusia with 24-18 win

The Elba Tigers turned two Andalusia turnovers into touchdowns and survived a rash of penalties late in the game Friday night to post an exciting 24-18 win over the Andalusia Bulldogs, in Andalusia.

The win, Elba's fourth straight, improved the Tigers' record to 5-4, while Andalusia slipped to 2-6.

Andalusia received the opening kick, however, it was Elba that got on the scoreboard in only two plays as the second play from scrimmage the Tigers' Anthony Brashears stepped in front of an Andalusia pass and raced untouched 28 yards for a touchdown. A bad snap foiled the extra-point try, but with just 40 seconds gone in the game Elba had a 6-0 lead.

Andalusia failed to make a first down on its second possession of the night, but only minutes later a heavy rush on Elba punter Joel Kirkland prevented Kirkland from getting the kick off, and the Bulldogs found themselves in business at the Elba 37-yardline and quickly marched in for a touchdown.

A big play early in the Bulldogs scoring drive was a 12-yard run by Shay Marvin on a fourth down and 4 at the Elba 31, while another big play came on a third down and 8, at the Elba 17, when Chris Tillman tossed a 12-yard pass to Michael

Ye Ole Polish Prognosticator nailed 37 of 42 picks last week and for the year now stands at 254-59, which is over 81 percent correct on statewide football picks. The final week has some tossups and the playoffs are always hard to pick, but with the season in the home stretch the Polish Picker appears to be just as accurate as ever.

Here goes week #10....

### ELBA VS. SLOCOMB

If the Tigers simply show up and go through the motions feeling sorry for themselves this one could get ugly. The Tigers must win to have a chance, how ever so slim it may be, and Slocomb has won four straight and could head a lot of fans with a win. Just a hunch!

### ELBA 27 SLOCOMB 14

### ZION CHAPEL VS. NEW BROCKTON

The Rebels are getting ready for the playoffs, while the Gamecocks have one game left and are shooting for the county title. New Brockton is better than a 4-5 team and the Rebs are better than 2-6; however, the records will mean nothing this week anyway because these neighbors simply don't like each other. Who needs the playoffs!

### NEW BROCKTON 30 ZION CHAPEL 12

### KINSTON VS. BRANTLEY

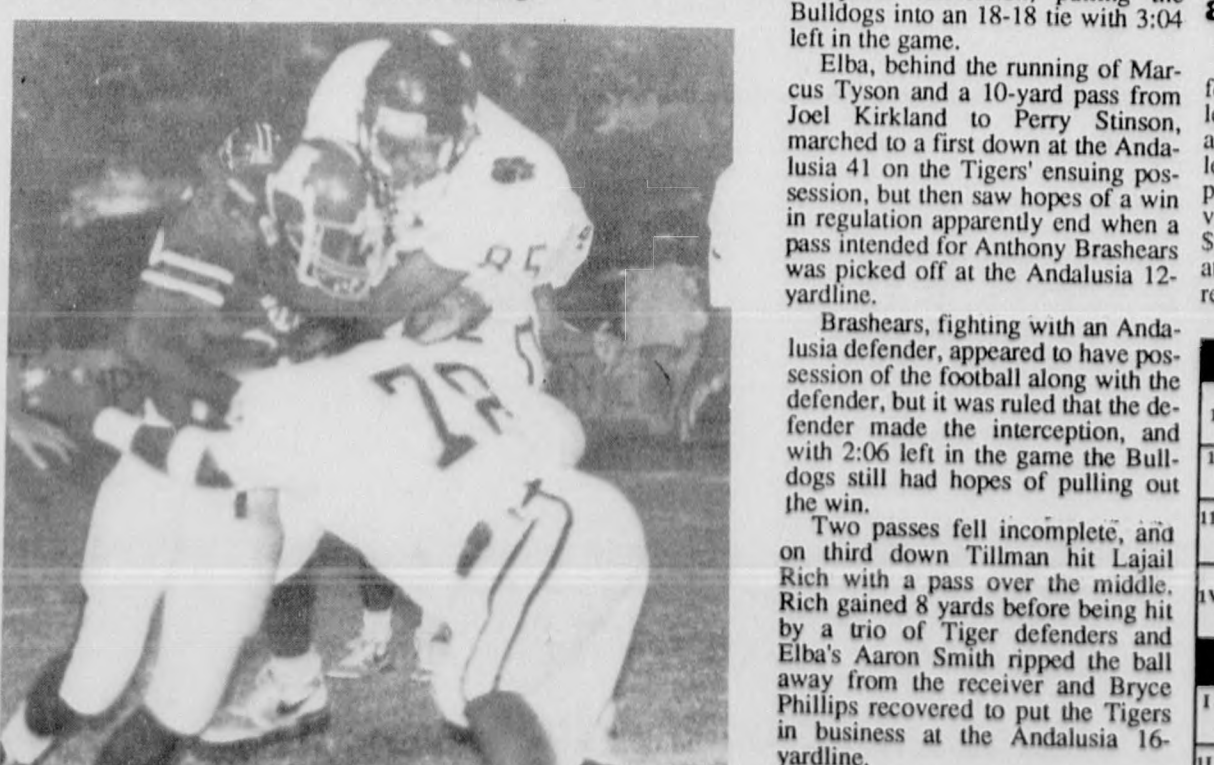

Kinston has come close all season, only to come up short when the final horn sounds, while Brantley has caught fire in recent weeks and now he knows it has earned its playoff spot. Kinston has the edge on the ground, but Brantley has a history of showing more battles won through the air, where Brantley is dangerous. Look for Brantley to spear past....

### Elba's Scotty Dawson (50) hits Andalusia quarterback Chris Tillman from behind and causes a fumble during the Tigers 24-18 win. Dawson had two touchdowns in the big win over the 5A Bulldogs.

END OF THE LINE...for an Andalusia runner as Elba's Bryce Phillips (78) and Aaron Smith (85) combine to make the stop. Elba will host Slocomb this week in a big Area 2 matchup.

back down the field to put three points on the scoreboard and cut the Elba lead to 18-10.

A touchdown saving tackle by Elba's Kenia Adkins on a 42-yard pass from Chris Tillman to Bernard Green left the Bulldogs with a first down at the Elba 24-yardline, and the Bulldogs quickly moved to a first down at the Elba 9 on an 11-yard pass from Tillman to Shannon James on a fourth down and 6 play at the 20-yardline.

A 10-yard loss on a quarterback sack by Teddy Burks backed Andalusia up to its 12-yardline and killed the Bulldogs' hopes for a touchdown, but the Bulldogs did salvage three points on the drive as Tillman booted a 34-yard field-goal with 2:56 left in the half to chop the Elba lead to 18-10.

The defenses took over in the third quarter as neither team could mount a drive, and after four possessions the teams ended the possessions with four punts.

Elba was stopped on its third series, also, but this time didn't even get the punt off as Kirkland had his punt blocked and Andalusia took over at the Elba 25-yardline.

Andalusia moved to a first down at the 13 and appeared ready to move into the endzone, only to be turned back when the Bulldogs' Shay Marvin lost the ball while stretching for the goaline and Elba's Brian Reedy pounced on the fumble to kill the threat.

Brian Reedy, a senior linebacker, came up with another big play for the Tigers with 5:09 left in the game when he stopped Andalusia's Shay Marvin for no gain on a fourth down and 2 at midfield.

Elba was in position to possibly run out the clock, however, the Tigers gambled and went for the death blow as Kirkland passed deep on first down, trying to catch the Bulldogs' defense off guard. Andalusia was ready for the pass and intercepted the ball at the Bulldogs 28-yardline, giving Andalusia a chance to catch Elba with 4:38 still left on the clock, a chance they took advantage of.

A 23-yard pass from Chris Tillman to Michael Green was a big play early in the Bulldogs' drive; however, the biggest plays in the drive were penalties against the Tigers, both of which were 15-yard penalties, one for a late hit and another for pass interference.

The interference penalty gave the Bulldogs a first down at the Elba 13, and one play later Tillman tossed a scoring strike to James Shannon, and then passed to Michael Green for the two-point conversion, pulling the Bulldogs into an 18-18 tie with 3:04 left in the game.

Elba, behind the running of Marcus Tyson and a 10-yard pass from Joel Kirkland to Perry Stinson, marched to a first down at the Andalusia 41 on the Tigers' ensuing possession, but then saw hopes of a win in regulation apparently end when a pass intended for Anthony Brashears was picked off at the Andalusia 12-yardline.

Brashears, fighting with an Andalusia defender, appeared to have possession of the football along with the defender, but it was ruled that the defender made the interception, and with 2:06 left in the game the Bulldogs still had hopes of pulling out the win.

Two passes fell incomplete, and on third down Tillman hit Lajal Rich with a pass over the middle. Rich gained 8 yards before being hit by a trio of Tiger defenders and Elba's Aaron Smith ripped the ball away from the receiver and Bryce Phillips recovered to put the Tigers in business at the Andalusia 16-yardline.

Marcus Tyson scored on a 16-yard run on the Tigers' first play following the turnover and although the pass failed, Elba was back in front 24-18 with only 1:15 left in the game.

Andalusia was still determined to win the game; however, and began

yet another march toward the Elba goal behind the passing of Tillman and yet another major distance penalty against the Tigers.

The duo of Tillman to Rich connected on 3 passes as the Bulldogs marched to a first down at the Elba 27-yardline, but an 8-yard loss on a quarterback sack by Bryce Phillips with 0:56 left backed the Dogs up to the 35 and a final desperation pass fell incomplete, as Elba held on for the exciting 24-18 win.

Marcus Tyson gained 65 yards on 13 carries and scored 3 touchdowns to lead the Elba offense, while Brian Reedy made 12 tackles and 2 assists to lead the defense. Other leaders on defense included Aaron Smith (11 tackles), Bryce Phillips (7 tackles and 2 assists), Scotty Dawson (6 tackles and 2 assists) and Teddy Burks (6 tackles and 1 assist).

Operation Santa Claus is in need of toys for children age 7 to 12 and infants. Also needed are dolls, bicycles and electronic toys, according to Major Alfred H. Fox, project officer for the program at Ft. Rucker to provide toys to needy children in the Wiregrass area.

Monetary donations are also needed to buy the extra material needed to make repairs on the donated toys.

Donors can drop off old and repairable toys at selected points in the local Wiregrass communities. Drop off points include: Elba police station, New Brockton City Hall and the Fort Rucker Army Community Services Building 3907.

This year's goal is to provide toys to 6,000 children in the Wiregrass.

Supershoping — that's the only way to describe what you'll experience in the new Lowe's! It's longer...it's taller...it's wider...it's bigger in every way possible! And that means bigger selection, bigger variety...and bigger savings for you on more of what you need!

Supershoping means super service! If you need help, just push one of the conveniently located Service Call Buttons located in each department and a salesperson will be there within moments to assist you!

Supershoping also means convenience! Almost everything is on the sales floor where you can find it. Floor plans are available to help speed you on your way, or take your time and browse a bit!

Supershoping means everything we have is easy to find...and Lowe's has everything! Product areas are color-coded and signs are located throughout the store to make finding what you need as easy as walking through the door. And when you find what you need, you'll find much more of it than ever before...all neatly organized!

Supershoping makes shopping fun...by making it easy! Wide, easy-to-shop aisles...convenient, easy-to-find merchandise...handy, easy-to-locate sales and service desks...now buying a kitchen faucet is as easy as buying a loaf of bread...thanks to Lowe's!

Supershoping means we have much more to choose from! More tools...more plumbing...and more electrical items than ever before! Plus more lumber, building materials, appliances, electronics, lawn and garden merchandise...more of everything that Lowe's is famous for...and at the same guaranteed Lowe's low prices!

## LOWE'S WHERE HOME IMPROVEMENTS BEGIN

**Lowe's Everyday Price:**  
 When you see a price marked "Everyday," you'll find that item at that price every day—whether you're ready to buy it!

**Lowe's Low Price Guarantee Policy:**  
 Lowe's guarantees our everyday low prices. If you find an identical advertised item at any retail competitor currently priced lower than ours, simply bring us written proof of that price. We'll match that price when you buy from us. It must be an identical in-stock item. Closeout, discontinued and other clearance type sales items are excluded from this offer.

**Satisfaction Guarantee Policy:**  
 If you are not completely happy with your purchase, simply return it along with your original sales receipt to any Lowe's store. We'll repair it, replace it, or refund your money.

**Lowe's Raincheck Policy:**  
 If an advertised item is temporarily out of stock, we will gladly issue a raincheck (except for items marked limited quantities, discontinued or closeout). When we restock you will be notified so you can buy at the previously advertised price. Some stores may not stock all advertised items; however every item shown can be ordered for you.

**Lowe's Low Payment Plan - Terms Of Repayment:**  
 Your credit must be satisfactory. No down payment required. The monthly payment includes sales tax of 5% and finance charges. If sales tax differs in your area, the monthly payment may vary slightly. The monthly payment shown has been estimated and may vary depending upon state laws and charges. Insurance is available upon request. The APR is as follows:

Number of Monthly Payments	APR			
	AL	FL	GA	MS
36	20.79	18.00	21.00	21.00
48	20.94	18.00	21.00	21.00
60	20.96	18.00	21.00	21.00

On A New Lowe's Card Or Lowe's Low Payment Plan!  
 Just present your Visa, American Express, MasterCard, Discover or Sears Card and you may qualify for up to \$1,500 instant credit on a new Lowe's Card or Lowe's Low Payment Account. (Even without these cards, your application will be processed with minimum delay.)

**STORM DOORS AND WINDOWS**

**The Bottom Line On Storm Doors**  
Either you have a storm door or you don't, and if you don't have a storm door, you might want to think about the advantages of owning one. Storm doors help insulate your home against inclement weather in the spring, summer, fall and winter. Plus, storm doors allow you to view the great outdoors while remaining comfortably indoors.

**Why Buy Your Storm Door From Lowe's?**  
Because Lowe's carries such a wide variety. You'll find everything from convenient self-storing storm doors to heavy duty security storm doors. And everything you find will be priced low...everyday!

## Elba City School Board fails to reconcile parents' concerns

by Ferrin Cox  
Publisher

The Elba City School Board meeting last Thursday attracted an unusual number of visitors. The purpose of the attendees was soon apparent as Chairman G. A. Lindsey recognized a parent, L. C. Cook, who told the board of his problem.

"I understand the coach says he wasn't properly informed," Cook added. He continued with, "I think it is tunnel vision, and he can't see anything but football. With him in a leadership position, he shouldn't be like that."

Bill Hall addressed the board with, "My daughter went as well. I share the concerns. Children are in school to broaden their horizons. There is more than just one perspective. There are several concerns I want to pursue to insure this doesn't happen again. We, as parents, thought the administration approved of this trip. Now the children have to bear the blunt in this case."

Hall suggested a board policy which would set procedure in such matters.

Board member Eddie Kelley said, "As a board policy, we don't have guidelines in force to cover extracurricular activities."

Superintendent Charles Pearce agreed and said, "Not as a formal policy. I have pursued this matter. I have to support Coach Wood and say the policy suggested by Mr. Hall is ludicrous in my opinion."

Pearce said the school needed guidelines, not board policies.

Pearce read to those present the following guidelines suggested by Coach Wood to cover athletic programs:

- 1) Excused absences from practice include sickness, injury, death in the family, or special permission from the head coach of that sport.
- 2) Excused absences from scheduled games include sickness, injury, death in family. Other absences...

"I have gone through channels and the decision still stands. It is a harsh decision to not change. My son represented the school and the state well in national competition," said Cook.

Nelda Coleman spoke and said, "I don't agree. You are giving control to an individual. My son went also but didn't have any problems. I don't think Coach Wood should have the authority to say no when everyone else agrees."

Lindsey responded, "If I was coach and couldn't run the football team, I would tell you to get another coach."

Cook explained that he was there because of his son, Jamie Brockton, and a decision the football coach made concerning the trip. Based on circumstances of the case Cook said he felt the coach was wrong in dropping the youth from the team.

"I have gone through channels and the decision still stands. It is a harsh decision to not change. My son represented the school and the state well in national competition," said Cook.

Cook explained that he was there because of his son, Jamie Brockton, and a decision the football coach made concerning the trip. Based on circumstances of the case Cook said he felt the coach was wrong in dropping the youth from the team.

## Elba's city council asked to name street in honor of Dr. King

by Ferrin Cox  
Publisher

A group of Elba citizens asked the Elba City Council Monday night to name a street after the late Martin L. King.

Mr. Willie Flowers spoke on behalf of the group and pointed out, "January 21, 1992 was the 60th year in a row for honoring the late great civil rights leader, Martin L. King, Jr. nationally. Flowers requested a local street be named in his honor."

Mayor Fred Moore asked if the group had a street to recommend and Flowers said they were looking at the 203 Bypass.

Flowers said this was a highly visible street, traveled by local citizens and visitors alike. He expressed the opinion visitors passing through would see the name and know Elba was truly a "City on the Grow."

Moore explained this was a state highway and would necessitate action by Representative Jimmy Holley. He voiced the opinion that Holley would probably want a resolution by the city before acting.

Upon Moore's recommendation and approval by the requesting group, action was postponed until the next council meeting. The mayor promised to contact Mr. Holley in the meantime and determine exactly what needed doing.

Flowers was told that it might not be possible to get the paperwork from the legislature by the January 21st date. Therefore it was suggested his group decide before the next meeting if this happened do they want to change to a city street or possibly wait until January 21, 1993 for the formal dedication.

Ricky Carlisle requested the council approve a carnival for later this money, sponsored by the rescue squad. He also noted the squad needed additional daytime help if anyone was to join the squad.

The council approved giving employees the option of taking city time for 25 years of service rather than the current 30 years.

Police Chief Freddie Hanchey reported the local department responded to 153 complaints during the past two weeks. This included six traffic accidents and issuing of 28 traffic citations. Four of those citations were for DUI. There were seven criminal arrests during the same time frame.

The animal control officer picked up 25 dogs, returned six to their owner and three were sold.

The council approved paying monthly bills of \$10,683.20. Included in this amount was \$1400 for chemicals; \$700 for diesel fuel and \$1,000 for additional city uniforms.

George Homyak was named as Safety Officer. Moore reported departments had been holding monthly safety meetings for two years, but had never had an official safety officer. He explained efforts were being made to prevent accidents and prevent more increases in workman's comp. insurance.

The city employees will not take Friday after Thanksgiving as a holiday. However in 1992 it will be a holiday, possibly replacing one of the existing holidays.

## NEWS IN BRIEF...

Executive Director, John Robertson, Humana Hospital in Enterprise, has announced that beginning November 15, 1991, smoking will no longer be allowed in the hospital. The new policy will prohibit smoking in the facility by employees, patients, visitors, volunteers and medical staff. Humana Hospital joins a growing list of healthcare facilities around the state developing no-smoking policies.

Coming soon! Farm-City Week in Coffee County will be observed November 22-28. During the week, there will be farm tours and displays at the Farm Center Complex in New Brockton.

Elba's Annual Christmas Festival w/parade, arts & crafts displays and Little Miss Christmas Pageant will be held on Saturday, December 14, 1991. Call the Elba Chamber of Commerce at 897-3125 for more information.

## Jack woman injured

by Marvin McLwain  
Editor

A Jack woman was injured Sunday afternoon in a one-vehicle crash that occurred in Northern Coffee County. The time of the wreck was shortly after 3 p.m.

According to a spokesman with the Elba Police Department, Sandra Fuller, age 23, of Route One, Jack, Ala., was injured when her car overturned on County Road 60 west of the Victoria Community.

Emergency units from the Elba Rescue Squad, Elba and Five Star Fire Departments were dispatched to the scene of the accident.

Miss Fuller, who was alone at the time of the accident, was transported to the Elba General Hospital where she was treated for her injuries. She was hospitalized overnight for observation.

Alabama State Troopers investigating the accident were assisted by the Coffee County Sheriff's Department.

## Advance directives required at EGH & NH

by Marvin McLwain  
Editor

Beginning December 1, 1991, all healthcare facilities that accept Medicare or Medicaid patients will be required by law to notify patients of their rights to advance directives.

According to Ellen Peterson, administrator of Elba General Hospital and Nursing Home, advance directives are legal ways persons may make their wishes known regarding the type of medical treatment they would want should they become ill and unable to speak for themselves.

"With the constant improvements in modern medicine, we are keeping people alive for longer periods of time and thus are placing patients and their families in awkward positions when it comes to their treatment," said Peterson. "The decision to withhold or withdraw treatment from permanently injured/ill patients is a difficult one and one made even harder without knowing what the patient would have wanted. That's why advance directives is so important."

Elba General Hospital & Nursing Home has been recognizing the rights of patients to use advance directives for some time now. The new law simply makes it mandatory that hospital employees note on the medical record the patient's decision to have or not have an advance directive.

According to Peterson, as long as

you are conscious and alert, you can discuss your wishes with your physician. However, if you become incapacitated (unable to speak for yourself), there are two types of advance directives which are very useful. They are the written instructions you leave (sometimes called a living will) and the durable power of attorney, which allows you to designate someone to speak on your behalf.

Peterson added that in thinking about writing an advance directive, you should remember to discuss the matter first with your family and physician, so that everyone knows your desires. Then document these wishes and distribute copies of them to your physician, family friend, attorney, and anyone else you think might need one.

When asked what happens if someone changes his mind, Ellen answered, "No problem. A person can change his or her advance directive at any time or do away with it totally."

"Our hospital has a brochure which discusses advance directives in detail," said Ellen. "If anyone wishes to obtain one simply come by and inquire at the business office or call 897-2257. However, the best authority is an attorney."

## 3-vehicle wreck with two injured and one arrested

by Marvin McLwain  
Editor

Two people were injured and one man was arrested following a 3-vehicle accident in Elba yesterday (Monday).

According to Sgt. D. A. Cobb with the Elba Police Department, officers were alerted to the accident at the intersection of AL 189 North and AL 203 Bypass shortly after 4:00 p.m.

Injured in the accident were 42-year-old Ann Blair Campbell, a resident of 2345 Hickman Avenue in Elba and 31-year-old Betty J. Parrish who resides in the Morrow Village Apartment Complex, also in Elba. Both of the ladies were treated for their injuries at Elba General Hospital and later released.

Campbell was the driver of one of the vehicles involved in the accident, while Parrish was a passenger in another vehicle. Police say the driver of a third vehicle, 21-year-old James Lawrence Stiefel, Jr. of Elba, was arrested at the scene and charged with driving under the influence of alcohol.

Stiefel was placed in the Coffee County jail in New Brockton.

Sgt. Cobb stated the accident was still under investigation by police; however, alcohol was definitely being considered as a contributing factor as to the cause of the accident.

## NOTICE

Voter registration dates for November are as follows: 1st, 4th, 5th, 6th, 7th, 8th, 12th, 13th, 14th, 15th, 18th, 19th, 20th, 21st, 22nd, 25th, 26th, and 27th. Registration will be at the Enterprise Courthouse between the hours of 9:00 a.m. and 4:00 p.m..

## AMERICAN EDUCATION WEEK

November 12-23, 1991

Schools & Communities Across America

## RETIRE TEACHER DAY...

Members of the Coffee County Retiree Teachers Association joined Elba Mayor Fred Moore as he proclaimed Tuesday, November 19th, 1991, as Retiree Teachers Day. Retired teachers will be recognized and honored for the contribution they have made toward the education of the country's young people. A portion of the proclamation signed by the mayor read: "built into the bedrock of our educational system are the teachers who have carried the torch of knowledge, opening doors to the challenge and excitement of learning for countless numbers of our youth."

Pictured above are: From row - Nellie Martin, Magdalen, Sammie Morrow; Back row - Harvey Locklar, Gwendolyn Garth (Treasurer of the CCRTA), Nellie English, Yoncilie Peavy (President of the CCRTA), Buna Faye Homyak (Secretary of the CCRTA), B. F. Garth. (Unavailable for the photo was Leon Homyak - Vice-President of the CCRTA)
